## POWERDRIVE MULTITASK

## POWERDRIVE MULTITASK

### POWERDRIVE MULTITASK Motor Features

- Cannulated Shaft
- Integrated gear for optimum transmission of Torque
- Specially designed hand-crafted brushless servo motor for maximum torque in its class
- Autoclavable, Integrated 3Ø servo drive ensures maximum torque and excellent reliability.
- Ergonomic design ensures easy manoeuvrability during all procedures.

## BATTERY OPERATED SYSTEM

Modular Hand Piece  
Part No : LB 10010000

## Common Attachments

For Battery Operated System

Drilling with Jacob's Chuck  
Part No : LB 10020001

Reaming AO Synthes Coupling  
Part No : LB 10020002

Wire Driver  
1) Part No : LB 10020005 (0.5 To 2mm)  
2) Part No : LB 10020006 (2 To 4mm)

Accessories like sagital Saw Blades, Reamers,  
Drill Bits, could be requested extra.

## POWERDRIVE MULTITASK

Dedicated Saw Handpiece  
Part No : LF 10010000

## Features

- Heavy duty saw for orthopaedic procedures
- 14500 cpm, 3.5 °
- Various sizes of blades for osteotomy THR, TKR

Battery Charging Unit  
Part No : LB 10040000

Asceptic Battery Packs  
Part No : LB 10050000

Sterile Transfer Shields  
Part No : LB 10060000
